Symposium:

- Symposium budget is based on the number of attendees X price to break even.
- 120 participants X \$45 = **\$5400.00**

If we adhere to the symposium budget (break even) our expenses for the year would be \$3979.00. Hypothetically we would need 199 members (at this time we have 225+ members) to generate the revenue to cover the \$3979.00.
