National Certified Public Manager Consortium  
P.O. Box 270772  
San Diego, CA 92198-2776

Dear CPM Consortium,

I am writing in support of the recent application submitted for consideration, which will establish the Florida Society of Certified Public Managers (FSCPM) association. The mission of the FSCPM is to support the Florida Center for Public Management program and its graduates by meeting the educational leadership needs of individuals, organizations and regional and local chapters statewide.

I currently represent and serve as president of the Florida Department of Transportation Turnpike Chapter for Certified Public Managers and as an active board member for the FSCPM serving as the Vice President elect.

The FSCPM currently holds a strong presence within the State of Florida and is well respected by both private and public sector organizations. The intent of the organization is to continue its mission in the area of providing educational leadership resources to those who work in and with public government agencies, and to support and partner with the Florida Center for Public Management in a way that fulfills their Mission, goals and objectives.

The FSCPM intends to be a member driven organization with a strong board of advisors who will help lead, guide, and exemplify the mission and vision of a quality leadership organization.

I respectfully ask for your favorable consideration and endorsement of our application.

Sincerely;

Jerry E. Karp
